Restraint and handling	Features (Product code)	Price each (ex GST)
	<p>Jubb catching rope (JCR-L)</p> <p>Made from easy handling 16mm diam silver PE rope with long (6m) lead. Thimble and adjustable stopper knot make for easy lassoing and rapid tightening but prevents overtightening. Ideal for catching and restraining cattle, and breaking in horses.</p>	<p>\$38.00</p>
	<p>Jubb casting rope (JCR-XL)</p> <p>Made from easy handling 16mm diam silver PE rope with extra long (10m) lead. Thimble and adjustable stopper knot make for easy lassoing and rapid tightening but prevents overtightening. Ideal for catching and casting cattle.</p>	<p>\$48.00</p>
	<p>Swan surgical restraint halter (MRH01)</p> <p>Based on the original design of David Swan's, this metal ring halter is ideal for head and eye surgeries on cattle. Won't tighten around neck and muzzle; plenty of tying power and easy to clean post surgery.</p>	<p>\$150.00</p>

	<p>Bull halter Heavy duty (BH01) Made from easy handling 18mm diam silver PE rope with 4m lead. Plenty of tying power, fully adjustable.</p>	\$40.00
	<p>Cow halter Heavy duty (RH01) Made from easy handling 16mm diam silver PE rope with 4m lead. Plenty of tying power, fully adjustable.</p>	\$30.00
	<p>Calf/yearling halters Heavy duty (CH01) Made from easy handling 12mm diam silver PE rope with 4m lead. Plenty of tying power, fully adjustable.</p>	\$20.00
	<p>Horse halters Heavy duty (HH01) Made from easy handling 16mm diam silver PE rope with 4m lead. Plenty of tying power, fully adjustable.</p> <p>Foal, yearling, pony, stallion and draft horse sizes also available</p>	\$30.00

	<p>Cattle nose grips (NGC) Easy to use; stainless steel; long 2m x 12mm polyethylene lead rope has been added</p>	<p>\$40.00</p>
	<p>MasterJect (MJ11) A spring-driven pole injector for medicating animals that you can't or don't want to get close to. Injects 1 – 20 mL, length adjustable to 1.6 m Visit www.livestockhealthsystems.com for more information</p>	<p>\$495.00</p>
	<p>Westergun (WG11) Spring-fired pole injector system. Injects 1-10 mL, extends to 1.42 m</p>	<p>\$395.00</p>
	<p>10 mL nylon reusable syringe (SGDG10) Centric leur slip nozzle, autoclavable, Bte SGD, Made in France, plunger is hollow with screw cap for storing spare needles. Suitable for use with the Westergun</p>	<p>\$22.00</p>
	<p>J-W Jabstick A push operated pole syringe for silent delivery of tranquilisers and medicines into animals you can't or don't want to get close to. Includes: extendable (1-1.8 m) aluminium handle; a choice of a 3, 5 or 10 mL syringe pole adapter, four luer-lok syringes to fit, & a tray of one dozen stainless steel reusable needles (range of sizes available)</p>	<p>\$140.00</p>
<p>Slaughter equipment</p>	<p>Features (Product code)</p>	<p>Price each (ex GST)</p>

	<p>TED captive bolt euthanasia device (TED) For poultry, nursery pigs & rabbits Cordless & light weight: 1.5 kg Power source: Paslode mini propane gas canister available at Bunnings & other good hardware stores Partial penetrating conical head for clean & hygienic operation \$0.01 per stun 1000 shots per gas canister</p>	<p>\$2500.00</p>
	<p>Zephyr EXL captive bolt euthanasia device (ZEXL) For poultry, nursery pigs & rabbits Hose connected & lightweight: 1 kg Power source: compressed air (120 psi) Partial penetrating conical bolt head for clean & hygienic operation</p>	<p>\$2000.00</p>
	<p>Pithing rod (JPR) For use with penetrating captive bolt devices to confirm death in euthanased farm animals. Fully stainless steel, easy to clean, 30 cm OAL makes it long enough for even the largest farm animals</p>	<p>\$36.00</p>
	<p>Blitz captive bolt slaughter device (201 078) For safe, effective humane destruction of livestock Cleaning brushes included</p>	<p>\$350.00 (includes cleaning brushes & free freight and handling)</p>

	<p>Activators for Blitz captive bolt slaughter device</p> <ul style="list-style-type: none"> • small pigs, sheep, goats, calves, foals – green activators 50/pkt (201 073) • store pigs, rams, light cows, ponies – yellow activators 50/pkt (201 074) • large pigs, heavy cows, horses – blue activators 50/pkt (201 072) • large boars, bulls – red activators 50/pkt (210 217) 	<p>\$72.72/pkt of 50 Included free freight and handling if purchased with Blitz-Kerner captive bolt device</p>
	<p>Blitz captive bolt device spring and washer set (210 025)</p>	<p>\$36.50</p>
	<p>The Matador 3000 heavy duty captive bolt gun Heavy duty bolt gun for safe, effective humane destruction of livestock</p>	<p>\$1565.00</p>
	<p>Powerloads for Matador bolt gun Three strengths available:</p> <ul style="list-style-type: none"> • Blue for sheep, goats, calves, deer and pigs • Red for adult cattle • Black for bulls and larger animals <p>Boxes of 500 or 1000 available</p>	<p>Blue \$245.64/1000 Red \$255.77/1000 Black \$287.21/1000</p>
<p>Sharpening equipment</p>	<p>Features (Product code)</p>	<p>Price each (ex GST)</p>

	<p>EasySteel Sharpener (ESS1) Can be used in field or mounted on bench. Draw blade lightly through the guides to realign edge for razor sharpness. A very safe way of “steeling” your knife</p>	<p>\$60.00</p>
	<p>Hoof knife sharpening kit (9090) Includes oval and tapered diamond files, 5/32” chainsaw file, honing paste, leather strop, magic marker and magnifier in a convenient fabric case. Instructions on how to sharpen a hoof knife are available at: www.livestockhealthsystems.com</p>	<p>\$159.00</p>
	<p>Eze-Lap diamond sharpening plates (DD8SF/F, SF/M, C/F) Double sided: fine (600 grt)/Superfine (1200 grt), large 20cm x 7.5cm (8”x3”). Don’t hollow out like carborundum or aluminium oxide stones, last a lifetime, double sided – fine grit one side, superfine grit the other</p>	<p>\$227.27</p>
	<p>Bear non oil sharpening stones (108N; KS100N) Large hard-wearing silicon carbide combination coarse/fine sharpening stones. 108N 200 mm x 50 mm (8”x2”) stone is suitable for field use and fits nicely into a JBS. KS100N 230x75mm (9”x3”) stone is suitable for lab use Does not require oil.</p>	<p>\$40.00 (108N) \$50.00 (KS100N)</p>

	<p>Japanese water stone (JWS01) 6000 grit, 185 x 62 x 19 mm For scary sharp edges</p>	<p>\$100.00</p>
	<p>Double-sided hardback strop (DSS01) 700 x 50 x 12 mm For scary sharp edges</p>	<p>\$45.00</p>
	<p>Bladesetter (BS) This fully adjustable, robust and easy to use angle setter is fantastic for achieving the constant sharpening angles essential for razor sharp knife edges. Works by clamping the knife blade in a rotatable vice-like clamping jig with degree angle adjustments. The stone holder takes various size carborundum and aluminium oxide stones and diamond plates.</p>	<p>\$289.90</p>
	<p>Carnivore polished sharpening steel (2 003 10) 25cm (10") polished shaft and red handle For the sharpening pros to stand up rolled edges</p>	<p>\$37.00</p>
	<p>Victorinox sharpening steels (7.8303) Victorinox medium –fine cut, hard chromium plated, round 25cm. A high-quality steel with prominent safety hilt and stainless ring for attaching to butchers belt.</p>	<p>\$31.61</p>
<p>Safety equipment</p>	<p>Features (Product code)</p>	<p>Price each (ex GST)</p>

	<p align="center">Knee pads (KPO1)</p> <p>The bees' knees for lightweight comfort and biosecurity come necropsy time. Elastic straps and Velcro taps ensure secure comfortable fit. Easily cleaned and disinfected.</p>	<p align="center">11.00</p>
	<p align="center">Visispec safety glasses (EVS300)</p> <p>Clear lenses, designed to wear over prescription glasses Complies with AS/NZS 1337:1992 Lightweight, comfortable, medium impact hard coat lens for anti-scratch, anti-fog coating, 99.9% UV protection, suits a variety of face shapes</p>	<p align="center">\$72.00 for box of 12 (ie ~6.00 ea)</p>
	<p align="center">Nitrile long cuff tear resistant examination gloves (SCG)</p> <p>These are the tougher, more tear and chemical resistant non powdered medical grade nitrile gloves. They have the longer cuff for added skin protection, and are less allergenic than latex and easier to pull on than latex or vinyl gloves. More comfortable as after a few minutes the glove conforms to hand shape. Pull them over the shoulder length gloves below for double protection during necropsies. Sizes: S, M, L, XL</p>	<p align="center">\$15.00/box of 100</p>
	<p align="center">Heavy duty shoulder length necropsy gloves (203 192)</p> <p>These are the special heavy duty yellow version of the Krutex range of SL examination gloves used for continuous examination ie multiple necropsies.</p>	<p align="center">\$41.77/box of 100</p>

	<p>Cut resistant gloves (CRG) Soft, warm, comfortable, machine washable Sizes include small (18307), medium (18308), large (18309) Xlarge (18310), XXlarge (18311) Keeps hands warm and prevents cutting fingers in greasy necropsies where hand may slip over handle onto blade</p>	<p>\$15.00 ea</p>
	<p>Cut resistant sleeve (CRS) Protects against slash injuries when using hoof knives or bangtailing. Elasticated 28 cm protects from wrist to elbow Comes in large (9209), and XLarge (9210)</p>	<p>\$20.00 ea</p>
	<p>Cut resistant chain mesh gloves (CMG) Wrist length, heavy duty gloves Range of hand sizes available: XXSmall (BR00), XSmall (GR00), Small (WH00), Medium (RE00), Large (BL00), X Large, XXLarge (OL00)</p>	<p>\$180.00 ea</p>
	<p>Carcass hook (CHM; CHL) For dragging and lifting carcass parts. Made from 12mm stainless steel they are strong and stain resistant. Logging hook design allows for penetration and pulling of carcass, then easy release. A chain or rope can be attached to triangular handle to assist lifting. Two sizes: medium (64cm - CHM) and long (112cm - CHL).</p>	<p>\$100.00 medium \$120.00 long</p>
<p>Autopsy equipment</p>	<p>Features (Product code)</p>	<p>Price each (ex GST)</p>

	<p style="text-align: center;">TSE hatchet (TSEH)</p> <p>1.5 lb (0.68 kg) with hygienic reinforced fibreglass handle. A tough lightweight hatchet ideal for TSE surveillance. Use with the TSE small sledgehammer for brain removal, rib cutting, splitting symphyses</p>	<p style="text-align: right;">\$27.00</p>
	<p style="text-align: center;">TSE small sledge hammer (SSH)</p> <p>2.5 lb (1.13 kg) with fibreglass handle. A tough lightweight mash hammer ideal for TSE surveillance. Use with the TSE hatchet for brain removal, rib cutting, splitting symphyses</p>	<p style="text-align: right;">\$27.00</p>
	<p style="text-align: center;">Single bucket field autopsy kit (SBAK8)</p> <p>A grab-and-go single autopsy bucket system for storing, transporting and setting up autopsy equipment on the farm.</p> <p>Contains skinning and boning knives, steel, scissors, forceps, rib cutters, hatchet, small sledge hammer, cleaning brush, 1 L jug, sample tray and 20L hi-line bucket with lid, sharpening stone, safety glasses, knee pads and cutting board.</p>	<p style="text-align: right;">\$410.00</p>
	<p style="text-align: center;">JBS double bucket field autopsy kit (JBS21)</p> <p>This two bucket system for storing, transporting and setting up field necropsy equipment contains all of the contents of the single bucket system (SBAK8) plus xtra Hi-Line bucket, cutting board to fit the Hi-Line bucket lid, and the 20 pocket bucket vest to store sample containers and diagnostic equipment.</p> <p>Visit www.livestockhealthsystems.com for more info</p>	<p style="text-align: right;">\$480.00</p>

	<p style="text-align: center;">Wire bone saws (TS) Wire saw and simple innovative easily cleaned handles for cutting through difficult parts of the skeleton such the cervical spine, pelvis and femur.</p>	\$21.00
	<p style="text-align: center;">Oyster (shucking) knife 7.6393 With handguard, and black nylon handle</p>	\$68.00
	<p style="text-align: center;">Swibo straight skinning knife (5.8421.16) 16 cm (6 ¼ ") blade. Swibo blades are among the hardest, renowned for holding their edge. Comfortable non-slip handle with prominent finger guard. Good for skinning, bone stripping and general heavy duty cutting as well as fine dissection. A great allround vet autopsy knife</p>	\$31.57
	<p style="text-align: center;">Swibo curved skinning knife (5.8427.15) For the professional slaughterman. 15 cm (6") blade. Swibo blades are among the hardest, renowned for holding their edge. Comfortable non-slip handle with prominent finger guard and plenty of cutting power.</p>	\$42.26
	<p style="text-align: center;">Swibo boning knife (5.8407.16) 16 cm stiff hard steel blade that like all Swibo blades, keeps its edge. Good for fine dissection but can easily handle heavy duty cutting such as skinning and bone work. The wider slightly curved blade on this boning knife makes it suitable as the primary necropsy knife for students</p>	\$29.26

	<p align="center">Large Bone cutters (SL27S) Stille-Liston, 27cm, compound, straight. Strong, robust and easy to use bone cutters. Great for removing spinal cord or opening cranium</p>	<p align="center">\$200.00</p>
	<p align="center">Rib cutters scissor head (112 200) Bypass action with scissor head, nyglass composite body, powergearing and high carbon steel blade, 28 mm cutting capacity, Wt 500g, L 460mm (18")</p>	<p align="center">\$55.00</p>
	<p align="center">Liston bone cutters (LBC) Straight or curved. 14, 17 and 22cm lengths available in curved or straight</p>	<p align="center">Sml \$70.00 Med \$85.00 Lge \$110.00</p>
	<p align="center">Mayo dissection scissors (MDS17) 17 cm straight or curved. A good all round, robust scissor, blunted tips, ideal for opening intestine and detailed tissue dissection. These are the best type of scissors for field necropsies</p>	<p align="center">\$21.00</p>
	<p align="center">Small Scissors (SS13) Sharp/sharp 13cm straight or curved</p>	<p align="center">\$18.00</p>
	<p align="center">Bonney dissection forceps (BDF181x2) 18cm, 1x2 teeth, a strong robust forcep preferred for their easy-to-hold and manipulate, wider handles. These are the best forceps for field necropsies</p>	<p align="center">\$20.00</p>

	<p>Treeves dissection Forceps (TDF131x2) 13cm 1x2 teeth Wide handles make them easy to hold and manipulate</p>	<p>\$14.00</p>
	<p>Cutting boards (CB) High density polyethylene, range of thicknesses 10mm (6204) , 15mm (6206) and 20mm (6207), cut to size including table size, non adsorbable, suitable for sterilising</p>	<p>Contact for price</p>
	<p>Heavy duty autopsy (butchers) saw (7050) Carnivore, 51cm (20"), Replaceable blades (7222-570)</p>	<p>\$100.00 (Spare blades \$10.00 ea)</p>
	<p>Granton heavy duty cleaver (47900) 25cm blade, 1.2kg</p>	<p>\$182.00</p>
	<p>Boning hook (S194H) 14cm</p>	<p>\$29.00</p>
	<p>Stainless steel mallets (1030) For hitting bone chisel (see below).Range of sizes up to 1kg and 40mm diameter striking surface</p>	<p>Contact for price</p>

	<p>Stainless steel bone chisels/osteotomes (1050) Range of blade widths up to 2.5cm</p>	<p>Contact for price</p>
	<p>Victorinox dissection shears (76345) Victorinox, stainless steel 25cm/10" Makes poultry necropsies quick and easy</p>	<p>\$68.00</p>
	<p>Buhner (325) prolapse needles Stainless steel, 30 cm OAL For when body needs to be put back together</p>	<p>\$55.00</p>
	<p>Scabbards (5030C) Standard double, 22cm (9") for holding two knives ie a skinning and boning knife; removable front for easy cleaning; attaches to butchers belt shown below</p>	<p>\$33.00</p>
	<p>Plastic butchers belts (5300) Includes plastic steel holder (5800) and D-shackles (5304) to hold steel holder and scabbard. Light weight, durable, easy to store, clean and disinfect. (knives, steel and scabbard not included in price)</p>	<p>\$27.00</p>

	<p style="text-align: center;">1-L plastic jug (PJ1L) A sturdy 1L measuring jug with hook handle for hanging over the side of the necropsy system bucket</p>	<p style="text-align: right;">\$10.00</p>
	<p style="text-align: center;">Potassium chloride powder (high grade/non medical) (KCI P)</p>	<p style="text-align: right;">\$5.00/kg</p>
	<p style="text-align: center;">Lamb weighing scales (0-22 kg) Fits in glove box.</p>	<p style="text-align: right;">\$12.00</p>
	<p style="text-align: center;">Scrotal measuring tape (SMT)</p>	<p style="text-align: right;">\$75.00</p>
	<p style="text-align: center;">Dog skulls</p>	<p style="text-align: right;">\$150.00</p>

			Cat skulls	\$250
			Horse skulls	\$450
			Cow skulls	\$450
			Goat skulls	\$150
			Sheep skulls	\$150
			Pig skulls	\$250
			Sharrock swab probang (SSP)	\$150
			FMD cup probang (FMDCP)	\$150
